## Independent Auditors' Report on Special Purpose Project Financial Statement

To the management of the Municipal Development Fund of Georgia

#### **Opinion**

We have audited the accompanying special purpose project financial statements of the Sustainable Urban Transport Investment Program, Tranche 3 (the "Project"), implemented by Municipal Development Fund of Georgia (the "Fund"), which comprise the statement of financial position as of 31 December 2017, the statements of Project sources and uses of funds, the imprest accounts, the Government co-financing account for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information. The special purpose project financial statements have been prepared by management of the Fund based on the financial reporting provisions of Section 4.03 of the Loan Agreement №. 3063-GEO dated 19 December 2013 (the "Loan Agreement").

In our opinion, the special purpose project financial statements for the year ended 31 December 2017 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 4.03 of the Loan Agreement.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Special Purpose Project Financial Statements* section of our report. We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code) together with the ethical requirements that are relevant to our audit of the special purpose project financial statements in Georgia, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Matter

Data included on pages 5 to 15 of the accompanying special purpose project financial statements that are marked as "Unaudited" have not been audited.

## Emphasis of Matter - Basis of Accounting and Restriction on Use and Distribution

We draw attention to Note 2 to the special purpose project financial statements, which describes the basis of accounting. The special purpose project financial statements have been prepared for providing information to the Government of Georgia and the Asian Development Bank to assist them in evaluating the Project implementation. As a result, the special purpose project financial statements may not be suitable for another purpose. Our report is intended solely for the Fund, the Government of Georgia and the Asian Development Bank and should not be used by, or distributed to, other parties. Our opinion is not modified in respect of this matter.

### Other Matter on which we are required to report

Pursuant to Section 3 of the Terms of Reference for the audit of the special purpose project financial statements of the Project dated 03 June 2016 we have audited the utilization of proceeds of the loan withdrawn from the Asian Development Bank. In our opinion, the Fund has utilized, in all material respects, the proceeds of the loan withdrawn from the Asian Development Bank only for purposes of the Project as agreed between the Asian Development Bank and the Fund, in accordance with the Loan Agreement №. 3063-GEO dated 19 December 2013 and no proceeds of the loan have been utilized for other purposes.

## Responsibilities of Management and Those Charged with Governance for the Special Purpose Project Financial Statements

Management is responsible for the preparation of these special purpose project financial statements in accordance with the financial reporting provisions of Section 4.03 of the Loan Agreement, for determining the acceptability of the basis of accounting, and for such internal control as management determines is necessary to enable the preparation of special purpose project financial statements that are free from material misstatement, whether due to fraud or error.

## Auditors' Responsibilities for the Audit of the Special Purpose Project Financial Statements

Our objectives are to obtain reasonable assurance about whether the special purpose project financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose project financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose project financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the special purpose project financial statements, including the disclosures, and whether the special purpose project financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
