SELECTION OF INDIVIDUAL CONSULTANTS**

GEORGIA

**Project Name: Second Regional and Municipal Infrastructure Development Project (SRMIDP) – P147521
Sustainable Wastewater Management Project (SWMP) – P145040**

**National Consultant – Procurement Consultant
Reference No. SRMIDP-AF/C/IC/1-2020**

The Municipal Development Fund of Georgia (here after referred as “MDF”) is a legal entity of public law whose purpose is to mobilize financial resources from donors including international and Georgian financial institutions, in order to make them available for investments in local infrastructure and services, while simultaneously helping local self-governments in strengthening their institutional and financial capacity. MDF is responsible for projects implementation, procurement, safeguards, contracts management, financial management and disbursements.

MDF is a project implementation agency of several projects financed by the World Bank, including the Second Regional and Municipal Infrastructure Development Project (SRMIDP) and Sustainable Wastewater Management Project (SWMP).

The Second Regional and Municipal Infrastructure Development Project (SRMIDP) supports Georgia’s decentralization agenda by strengthening public sector delivery at the local level and contributes to the capital investment needs in the municipal sector. The Project Development Objective (PDO) is to improve the efficiency and reliability of targeted municipal services and infrastructure. On May 18, 2020 the World Bank Board approved the Additional Financing (AF) for the Project to support the Government’s efforts in addressing the regional development challenges. The AF will: (i) finance additional activities to support selected municipalities with the provision of basic municipal services and infrastructure in urban and rural communities; (ii) allow communities located in the lagging regions, those who suffer from reduced ability to be involved in economic activities, to receive basic services and amenities; (iii) further promote private capital mobilization in the selected towns and villages by allowing additional resources for the PPI.

The Sustainable Wastewater Management Project (SWMP) is financed by the Swedish International Development Cooperation Agency and funds are administered by the World Bank. The Project includes improvement of the efficiency of the water and wastewater sector through a technical assistance component and an investment component, for the rehabilitation of two wastewater treatment plants (Tskaltubo and Telavi WWTPs). The United Water Supply Company of Georgia (UWSCG) is the beneficiary of the Project and will operate the treatment plants. The Municipal Development Fund of Georgia (MDF) is executing overall management and coordination of implementation and supervision of the Project. Rehabilitations of Tskaltubo and Telavi WWTPs are implemented under Plant Design, Supply and Installation Contract.

MDF is looking for a Procurement Consultant, who will coordinate and manage all procurement related activities, as described below, for the Second Regional and Municipal Infrastructure Development Project and Sustainable Wastewater Management Project.
